Green Acres Elementary School Annual Education Report (AER) Cover Letter

August 15, 2014

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2013-2014 educational progress for the Green Acres Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Stacey Leavell, Principal, for assistance.

The AER is available for you to review electronically by visiting the following web site http://www.wcskids.net/curriculum/annual_report/aer or you may review a copy in the main office at your child's school.

The state has identified some schools with the status of Reward, Focus, or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state.

Our school has been identified as a "FOCUS" school this year.

Through the school improvement process, our staff analyzed data; DRA, Iowa, MEAP, and district writing assessments along with many internal assessments that enabled us to identify our strengths and needs. Through this process, we identified the following areas of focus for the 2013-2014 school year:

- Tier I & II guided reading support and interventions
- Increased Tier I & Tier math support and interventions
- Increased Tier II math interventions
- Increased focus with a strategic process for teaching academic vocabulary
- Professional development which will continue to support best practices (CITW).

We have discovered that although our overall enrollment has stayed consistent since 2009, Green Acres Elementary School has had an increase in the number of English language learners as well as economically disadvantaged students. Within these two subgroups we have found gaps in math and language arts scores. Our data indicates that the economically disadvantaged students, while making progress, are still performing approximately 4 months behind the school norm, while our EL students scored approximately 1 year behind the school norm. The staff has concluded that these weaknesses are due to lack of understanding academic vocabulary and prior knowledge experiences.

To close these gaps and increase student achievement, Green Acres Elementary School is implementing their MTSS program. The MTSS program provides interventions for students needing extra support in the areas of math and language arts on a Tier I, Tier II, & Tier III intervention level. Interventions include small group individualized instruction by a highly qualified Title I Teacher, Language Acquisition Teacher and/or certified paraprofessional. Our Tier III support/interventions include the prior and may include special education services. Green Acres also provides after-school extended school day activities by highly qualified teachers for those students who need extra support in math and language arts.

State law requires that we also report the following additional information for the two most recent years:

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Students are assigned to schools according to their address of residence within the district's boundaries. Parents may request another school within the District under the Open Enrollment process, however, transportation is not provided. The Board of Education has determined that it will allow nonresident students, residing within the Macomb ISD, but whose parent(s) reside in the District, and who qualify to enroll in the District through a Schools of Choice program.

2. Green Acres School is in its third implementation year of the school improvement plan. Green Acres Elementary staff continuously evaluates and revisits the school improvement plan. This process is based on all staff members monitoring student progress and identifying academic progress and gaps. The following school improvement goals have been identified for the 2013-2014 school year:

- All students will continue to achieve at or above district and state standards in the area of math.
- All students will improve their DRA2 levels in reading which will increase comprehension and academic vocabulary in the areas of reading, math, science, and social studies.
- All students at Green Acres Elementary School will improve written expression in language arts, math, science, and social studies.

3. Warren Consolidated Schools offers several specialized programs to meet the needs of a variety of learners.

The **Macomb Math and Science Center (MMSTC)** is an honors program for 9th – 12th grade students in 11 Macomb County districts who are interested in advanced/accelerated mathematics, science, and computer technology. Students must apply and be selected for the program based upon placement testing and teachers recommendation. The Center's program is a half day and students attend their home school for the remainder of the day. It is located at Butcher Community Center.

The **Middle School Mathematics Science Technology Center (MS)2TC** offers an advanced mathematics, science technology option for middle school students. Students who are accepted into the program will split their day between their home middle school, where they will take their social studies and two elective classes, and Butcher Educational Center, where they will take their mathematics, science and English language arts classes.

The **Middle School- School of Performing Arts (MS-WCSPA)** is an exciting, creative program that has been designed to build on the district's nationally-acclaimed, award-winning high school performing arts program (WCSPA) which is located in Sterling Heights High School. MS-WCSPA is intended for academically-focused and creative students who seek to blend their academic experience with interest in the performing arts. Students who are accepted into the program will split their school day between their home middle school, where they will take their language arts, science, and math classes, and Butcher Educational Center, where they will take their social studies and two performing arts electives. The performing arts electives will include visual arts, music, dance, and theatre exploratory experiences.

The **Career Preparation Center (CPC)** programs are open to Clintondale, Fraser, and Warren Consolidated 11th and 12th grade students. CPC programs are designed to provide students with skills to enter the workforce or continue with additional college or workplace training. Career Technical Education (CTE) classes at the CPC provide technical skills and knowledge. Students enrolled in these programs are often able to earn technical certifications as well as college credit.

Community High School is an alternative education program for high school students. The primary objective of the school is to assist enrolled students in meeting their high school graduation requirements in a timely manner. It is located at the Flynn Educational Center along with the adult **ESL program**.

Year-round education offers many benefits for students and families such as increased student achievement and retention rates, more effective learning environment by reduced time spent reviewing, expanded enrichment and intervention opportunities for students, and expanded

educational choice options for parents. Year-round education is offered at Fillmore, Siersma, and Holden Elementary Schools.

4. Warren Consolidated Schools follows all State of Michigan curriculum guidelines. The Board of Education has adopted a core curriculum based on Michigan Curriculum Framework, Grade-Level Content Expectations/Common Core State Standards, and Michigan Merit Curriculum approved by the State Board of Education. A copy of the core curriculum may be accessed at www.wcskids.net.
5. Green Acres Elementary uses the Developmental Reading Assessment (DRA) to assess reading achievement in grades K-5. 95% of the students at Green Acres continue to make progress in the area of reading. The chart below indicates the percentage of Green Acres students who are above grade level in reading, on grade level, and below grade level.

Year	Above Grade Level	On Grade Level	Below Grade Level
2012-2013	44%	40%	16%
2013-2014	43%	52%	5%

In the fall of 2013 we continued to use Data from the Iowa assessments to assess student achievement from fall to spring. The IOWA results indicate that all grade levels K-5 made significant gains from fall to spring. The NA areas indicate that students are not tested in these subject areas.

IOWA Fall 2013-Spring 2014 Grade Level Equivalent Measurement from fall to spring

Kindergarten IOWA Fall 2013-Spring 2014

1st Grade IOWA Fall 2013-Spring 2014

2nd Grade IOWA Fall 2013-Spring 2014

3rd Grade IOWA Fall 2013-Spring 2014

4th Grade IOWA Fall 2013-Spring 2014

5th Grade IOWA Fall 2013-Spring 2014

6. Parent Participation at Fall and Spring Conferences

YEAR	FALL	SPRING
2012-2013	95%	92%
2013-2014	98%	93%
CHANGE	+3%	+1%

Green Acres staff is committed to helping all students achieve. We understand that all students learn in a variety of ways and we individualize instruction to meet the needs of our students. We strive to establish an environment where everyone feels welcome and student success is attained. The Green Acres community members are supportive of the many activities that take place at our school. Our commitment is to create a positive learning environment and future for all of our children.

Sincerely,

Stacey Leavell

Principal, Green Acres Elementary
