Presenting the WCSPA’s 2011-2012 Season

The Laramie Project
November 18-19, 2011
THE LARAMIE PROJECT chronicles the life of the town of Laramie, Wyoming in the year and a half following the brutal beating and death of a gay, University of Wyoming student named Matthew Shepard. In the immediate aftermath of this crime, the nation launched into a dialogue that brought to the surface how we think and talk about homosexuality, sexual politics, education, class, violence, privileges and rights, and the difference between tolerance and acceptance. Moisés Kaufmann and the members of the Tectonic Theatre Project traveled to Laramie and spent more than a year interviewing hundreds of people. The resulting play is a breathtaking collage that explores the depths to which humanity can sink and the heights of compassion of which we are capable.

Winterfest
February 3-4, 2012
This annual production is a celebration of dance, musical theatre and the performing artists of WCSPA. What makes this show unique is that it is completely conceptualized and produced by students, allowing them to work from vision to creation in the most authentic way. From the lights, sounds and costumes, to the acting, directing, choreography and dancing, it is a true student creation. Come join us for a fun-filled night of exciting student collaborations.

Dora The Explorer LIVE! - Dora’s Pirate Adventure
March 23-25, 2012
Dora, her best buddy Boots the Monkey, and the rest of their friends embark on an exciting trip to Treasure Island. You (the audience) will help them to navigate over Dancing Mountain, through Silly Singing Bridge and onto confronting the Pirate Piggies. Along the way, the audience will use their map-reading, counting, musical and language skills to successfully help Dora reach the treasure. All ends happily onstage with a “yo-ho-ho!”

Aida
May 18-20, 2012
With a pop-rock score that features stirring ballads and rousing choral numbers, Elton John and Tim Rice’s contemporary musical AIDA is sure to be remembered as one of Disney’s best Broadway musicals. This classic tale of timeless love is told through the story of an enslaved Nubian princess and Egyptian soldier. As forbidden love blossoms between them, the young lovers are forced to either face death or part ways forever. Together, they set a shining example of true devotion that transcends the vast cultural differences between their warring nations, while heralding a future of peace and prosperity for all.
